FOR YOUR HEALTH'S SAKE

FIGURES THAT HURT

The Indiana state board of health reports that in one year that state lost 790 mothers between the ages of 18 and 45, and 425 fathers killed by consumption. These fathers and mothers, swept away by consumption in one short year, left behind them 2,515 children under 12 years of age, who were thus deprived of parental love, care and training.

Ordinarily figures are regarded as mighty dry reading, but these just given are drenched with tears and calculated to stir the heart of the coldest statistician to sympathy. Surely the fight that is now being waged against the "great white plague" must not be stopped until the fearful loss of lives each year from this cause has been overcome. What are you doing to help the work along?

WEATHER FORECAST.

For Palestine and vicinity:
Tonight and Thursday partly cloudy to cloudy weather, with showers either tonight or Thursday morning.

- 1908—Balloon Chicago, flying from Quincy, Ill., to Clear Lake, N. D., broke the aerial speed record, averaging 75 miles an hour.

THE DOCTORS AND THE PRESS.

At the recent meeting of the Illinois State Medical Society in Quincy, the president, Dr. J. W. Pettit, of Ottawa, called attention to the necessity of closer relations between the physicians and the newspapers. "No agency is more potent for good or evil than the secular press," said the doctor. "By secular press I mean more particularly the newspaper which every day reaches fully 90 per cent of the reading public. By far the larger part of the public, especially busy people, get about all their general information from the newspapers. The newspaper is the only source of information for fully one-half of the reading public. It is the conveyor of information, and the average editor is actuated by as praiseworthy motives in his field of activity as we are in ours. From being simply a record of events, the newspaper now covers almost every field of human endeavor, even to the extent of maintaining departments for the teaching of technical knowledge, which, though crude and imperfect as yet, is an effort in the right direction." is carefully screened from the fly, there will be no flies. Everybody and his neighbor should strive to rid the town of flies.

Time was when the state rangers were needed, in the frontier country, and in sections sparsely settled, where the local officers could not control the situation. But there is now no excuse for them. Especially is this true in counties regularly organized, and ordinarily peaceful and law-abiding. The state ranger has caused more mischief in recent years than he has suppressed. He is a disturber in any community, where he is sent to see that the laws are enforced. To send the ranger into a county is to offer insult to the officers of that county, and to the citizenship. The state ranger should go.

What is a "gasper gou?" Is it a white perch or an old-fashioned drum? We have authorities among local fishermen on both sides of the question, but both sides are so positive that there seems no possibility of any reconciliation. The dictionaries furnish no clue to the elusive definition of "gasper gou" and we are forced to call on our readers who know, so we may settle the hash of some critics who say this editor wouldn't know a gasper gou from a hickory shad, a base libel we resent as a gastronomic if not a piscatorial expert.—Denton Record and Chronicle.

What is called by some the gasper gou, and a fish that is often caught in the lakes in this section, is the drum. It is a big, thick perch, larger than the white perch, and a splendid fish. When it bites it just swallows the bait and goes with it. It is usually caught with live bait.

POLITICS AND POLITICIANS.

The Florida house of representatives has passed a bank guaranty bill, differing but little from the Oklahoma law.

Some of the democratic leaders in Ohio are reported to be planning a boom for Governor Harmon for the presidential nomination in 1912.

Four separate organizations have been formed in New York for the purpose of combating Tammany Hall in the municipal elections next fall.

Thomas L. Hisgen, who as the candidate for president on the Independent party ticket last November polled 83,183 votes, has announced his allegiance to the democratic party.

A well informed Washington correspondent rates Senator La Follette of Wisconsin as one of the wealthiest members of the United States senate. To the large income derived from his law practice have been added the profits from many fortunate investments.

President Taft is preparing to make a short tour of New England before occupying his summer home at Lovell early in July. He will begin the tour at Norwich, Conn., where he will attend the centennial celebration of the founding of that city on July 4.

The indications are that all of the members of the Kansas delegation in congress will have opposition in the coming primary election in that state, with the possible exception of E. H. Madison in the Seventh district and Victor Murdock in the Eighth.

Gen. James F. Smith, retiring governor general of the Philippines, is being talked of as a possible candidate for mayor of San Francisco. General Smith is a democrat and was a resident of San Francisco until he was appointed to the Philippines in 1906.

In case Governor Johnson of Minnesota should refuse to enter the domain of national politics, friends of Governor Burke of the neighboring state of North Dakota will urge him as a candidate for the democratic nomination for vice president in 1912.

Governor John F. Shafroth of Colorado has accepted membership on the national committee having in charge the proposed change in the date for presidential inaugurations, making in all forty-six governors of states and territories who have joined the movement.

John L. Wilson, who was a United States senator from Washington from 1895 to 1899, filling out an unexpired term, is said to be seriously considering the question of entering the senatorial fight next year for the seat now occupied by Senator Piles.

The rival factions that have split the republican party in West Virginia for several years appear to be on the verge of harmony. The era of good feeling results largely from the policy pursued by Governor Glasscock, who in the making of appointments has refused to recognize factional differences.

T. B. Walker of Minneapolis, who is said to be the largest owner of

standing timber in the United States, will probably be a candidate for the United States senate against Senator Moses E. Clapp, whose term will expire in 1911. It is also said that Frank B. Kellogg of St. Paul, special government prosecutor, will be a candidate.

Mrs. Ruth Bryan Leavitt, daughter of William J. Bryan, has arranged for a convention to be held in Denver next month of all the Jane Jefferson clubs in Colorado, at which an address by Mrs. Leavitt, the president, on the upbuilding of the democratic party from the feminine standpoint, will be the principal feature.

WEATHER FORECAST.

Published By Authority of the Secretary of Agriculture.

(Issued at New Orleans.)

For Palestine and vicinity:
Tonight and Thursday partly cloudy to cloudy weather, with showers either tonight or Thursday morning. Minimum temperature, 60. Maximum temperature, 76.

Weather Conditions.

Low pressure is the rule this morning, with stormy conditions over South Texas and the Southern Slope states. Rain has fallen in the past 24 hours in the central and lower Mississippi valleys, West and Southwestern states, and light scattered showers in other sections; falls of one to two inches are reported in Mississippi, Missouri and Louisiana.

An area of moderate high pressure covers the upper slope states, attended by fair weather and lower temperature; it is below 45 degrees in Wyoming, Nevada and Utah. The extremes in Texas at 7 a. m. were 54 degrees in the Panhandle and 78 degrees at Galveston. High temperature rules in the Atlantic states.

Men Past Fifty in Danger.

Men past middle life have found comfort and relief in Foley's Kidney Remedy, especially for enlarged prostate gland, which is very common among elderly men. L. E. Morris, Dexter, Ky., writes: "Up to a year ago my father suffered from kidney and bladder trouble and several physicians pronounced it enlargement of the prostate gland and advised an operation. On account of his age we were afraid he could not stand it and I recommended Foley's Kidney Remedy, and the first bottle relieved him, and after taking the second bottle he was no longer troubled with this complaint."

Items under this heading will appear Wednesday and Saturday afternoons. The editor will appreciate all assistance rendered.

House Party.

Mr. and Mrs. O. W. Trice are entertaining a house party at their pretty suburban home. They have plenty of music and all the country pleasures, as well as city. The following young ladies have been with them since Sunday night: Misses Janie Garland, Mary Dunlop and Grace McGarr. They will be joined Friday by Miss Fay Boykin of Fort Worth and Misses Bernice Barker and Lanita Vandiver of this city.

The Flyers.

Miss Josie Ellis entertained the Flyers and other friends yesterday afternoon with five tables of high five. Cut flowers added beauty to the parlors. After many games, Miss Fay Williams was awarded the prize, a handsome pair of black silk hose. An elegant luncheon was served. The club guests were: Misses Willie and Kathleen Jameson, Marie Price, Ethel Reitch, Claire Myers, Mabel Clare Watson, Fay Williams and Miss Emily Dupree of Colorado City.

Confederate Veterans.

Judge and Mrs. J. F. Watts entertained the old soldiers Sunday afternoon at the family home in Old Town. The afternoon was passed in pleasant conversation and reminiscences of the past. A delicious three-course luncheon was served.

B. Y. P. U.

Misses Isa Nance and Eddie Morris entertained the Senior B. Y. P. U. last evening at the Nance home, complimentary to the school teachers who will soon leave for their homes and summer vacation. Everything was pretty in wild flowers. Mesdames Ed Cook and O. J. Asmann served frappe in the front hall, which was often sought. Music and games were enjoyed, and a delightful informal evening passed. Cream and cake were served.

Mrs. S. A. Boerna of Ennis is the guest of Mrs. John Olson, on Kolstad street.

ing for a visit. They left this morning for a visit to the Adair family.

The following formed a party going to Neches last Saturday to attend the Baptist fifth Sunday meeting: Mrs. Mary Melton, Miss Emma Bowen,

\$945---Harrison Heights---\$945

House and lot (150x165 ft.) with new fence (poultry proof), and outhouses, barn, cow shed and chicken house, and which had been put on the market last fall at \$1100, can now be had for the above sum, with no expense to the buyer for deed transfer, etc., and abstract examination. Title guaranteed. The owners are anxious to sell and so have made a price that will move the property at once. Since Harrison Heights property has been on sale, 18 lots immediately surrounding this place have been sold, mostly for cash, some at \$100 and others at \$150. The place has been completely closed about by lots sold and paid for—no more to be had. In a year or so houses will be built here and there, increasing the present valuations. This house has eastern front, oak trees in yard, and is a healthy place in which to live. It is on North Jackson street, and a short distance from second ward school. Rear alley and street on two sides.

Let us show you the Place

CONE & BARRETT

P. S.—Only four of the choicest lots at \$100 remain in the Harrison Heights Addition. These are 50x150 each and are hemmed in on every quarter by lots already sold. None of these lots can be bought at their sale price as the owners either wish to build soon or are waiting a year or so for a substantial advance in price. This cannot fail to be a good, safe investment and we recommend them accordingly.
